

2021 - CFCE Summer Camp Information

We are excited to release our 2021 summer camps dates. This summer, we are offering several camps in Denver, Loveland, and Aurora, CO. All sessions will run Monday through Friday. The dates for each camp and the tuition rates are listed on the following registration form. **We offer a discount for families who register for 4 or more weeks of camp.**

Please have a look at the following registration form and respond with your commitment as soon as possible to hold your child's place. If you would like further information about Conductive Education and what the camp will entail, please do not hesitate to contact Jalyss Zapfletts or Jennifer Doyle at admin@conductiveed.com, or (720)252-2299 for this information.

We need to know well in advance who is seriously interested in signing their child up for camp this summer so that we can arrange to hire Conductors and staff members for each camp to cover the number of children attending. Please understand that hiring the Conductors needs to be done months in advance for us to handle their visa requirements, flight, and hotel arrangements.

If you would like to sign up your child for camp, please fill in the registration form and return to CFCE by mail to: CFCE, PO Box 746297, Arvada, CO 80006 by **April 15th, 2021**. Forms can also be scanned and emailed to: office@conductiveed.com. You must also pay a non-refundable \$250 deposit with your application to secure your child's placement in the summer camp. Later in April, you will receive an invoice for the remaining balance due. You can choose to pay in full or make installments, but the entire balance will be due before the first day of camp. Don't forget that camp deposits and tuitions can be paid with your credit card online at www.conductiveed.com. Places are limited, so please sign up ASAP. If a camp session is cancelled by CFCE due to lack of participation, your deposit will be refunded. This is the only circumstance for which a deposit refund will be given.

If you have any questions please contact our team at admin@conductiveed.com or call (970)667-0348.

Please forward this form to any other children and families who you think would benefit from Conductive Education. We look forward to hearing from you.

Sincerely,

Jennifer Doyle
