

## **2018 - CFCE Summer Camp Information**

The Colorado Foundation for Conductive Education is excited to be offering a Transitions Camp for teens and young adults. This camp is 3 days a week for 2 weeks and focuses on using community resources and increasing day-to-day independence skills. Each 3-hour session will focus on a different area.

Sessions include activities such as:

- A trip to a local gym to practice transferring onto and using gym equipment.
- A trip to the library via Access-A-Ride (booked by the group of students).
- An afternoon meal planning, going to the grocery store to find and buy food, and returning to the center to prepare a meal.
- A trip to the mall or Goodwill to find and try on clothing and work on money management.
- Adaptive Yoga
- A trip to the cinema to see a film. Students will work together to look up available films, times, prices, etc., and decide as a group what they would like to see. Staff will facilitate them independently purchasing tickets and navigating the theater.
- Discussions on budgeting, time management, and personal goals.

Sessions are adapted to fit the needs of each child/teen, aiming to increase their overall confidence and level of independence in community settings.
